Science

Monday

Social Science. Pg 48 act 1. (Notebook, enviar)

Vocabulary

1 Look at the picture. In your notebook, match the stages of the water cycle.

evaporation precipitation

condensation collection

The diagram illustrates the water cycle with four labeled stages: A (evaporation from the ocean), B (condensation into a cloud), C (precipitation as rain on a mountain), and D (collection of water in a stream flowing to the ocean).
